**THE LIFE AND TIMES OF  
ROBERT BLINCOE**

Two hundred years ago seven year old Robert Blincoe was sent from a London workhouse to labour in a Nottinghamshire cotton mill. This talk, based on Robert's own account and additional documentary research, provides a glimpse into the life of horrific exploitation suffered by many children in the early years of the Industrial Revolution.

**7.45pm Thursday 22 October 2009  
Central Library, Angel Row, Nottingham.**
